

AKANKSHA MISHRA

Data Analyst | SQL · Python · Power BI · Tableau · Advanced Excel | IIT Roorkee Certified

Delhi, India | +91-7982840649 | akankshamishra1302003@gmail.com | [linkedin.com/in/akankshamishra13](https://www.linkedin.com/in/akankshamishra13) | github.com/Akanksha131313 |
Open to Relocate – PAN India

PROFESSIONAL SUMMARY

Data Analyst with hands-on experience working on real-world datasets across finance, retail, and marketing domains. Analyzed 40K+ records and built KPI-driven dashboards and ETL pipelines that reduced manual reporting effort by 20+ hours. Skilled in SQL, Python, Power BI, and Tableau, with strong expertise in data validation, MIS reporting, and translating business requirements into data-driven decisions.

VIRTUAL EXPERIENCE | INDUSTRY SIMULATIONS

Data Analyst Simulation – Deloitte (Forage) | Mar 2026

- Analyzed IoT telemetry datasets to identify downtime patterns and operational inefficiencies.
- Performed data cleaning, validation, and transformation to improve reporting accuracy.
- Optimized reporting workflows, reducing manual dependency and improving data processing efficiency.
- Applied ETL processes and statistical techniques for scalable analysis.

Data Visualization Simulation – Tata Group (Forage) | Mar 2026

- Constructed KPI dashboards in Power BI and Tableau to monitor business performance.
- Produced 20+ insights enhancing visibility into revenue and customer trends.
- Translated business requirements into clear, visual analytics for stakeholders.

PROJECTS

Bank Loan Performance & Risk Analysis Dashboard | SQL · Python · Power BI · Tableau | Nov 2024 – Mar 2025

- Evaluated** 38,000+ loan records from a financial dataset; established KPIs including default rate, DTI ratio, and portfolio quality.
- Architected** ETL workflows across multiple sources, enhancing consistency and strengthening data validation processes.
- Uncovered** high-risk customer segments contributing to elevated default exposure.
- Enabled** faster credit risk assessment through interactive dashboards supporting MIS reporting.
- GitHub: Demonstrates end-to-end pipeline including SQL queries, data cleaning, and dashboard development.

Retail Customer Analytics & Purchase Trends | Python · PostgreSQL · Power BI | Mar 2025 – May 2025

- Processed** 3,900+ transactions using advanced SQL techniques (CTEs, window functions) for customer segmentation.
- Identified** repeat purchase patterns and retention behavior influencing marketing strategies.
- Enhanced** analytical depth through EDA and feature engineering.
- Presented** KPI dashboards strengthening performance tracking and decision visibility.

Marketing Campaign Performance Dashboard (Meta Ads Dataset) | Power BI · DAX · Data Modeling | Jun 2025 – Jul 2025

- Examined** 300K+ impressions and 40K+ clicks to assess campaign effectiveness.
- Designed** star schema architecture (fact & dimension tables) for scalable analytics.
- Pinpointed** top-performing campaigns along with key engagement drivers.
- Refined** budget allocation by prioritizing campaigns with superior conversion trends.

SKILLS

Languages & Querying: SQL (Joins, CTEs, Window Functions), Python (Pandas, NumPy)

BI & Reporting: Power BI (DAX, Data Modeling), Tableau, Advanced Excel, MIS Reporting

Data Analytics: ETL Pipelines, Data Cleaning, Data Validation, EDA, KPI Development, Data Analysis & Reporting

Tools: Jupyter Notebook, Google Colab, Git, GitHub

EDUCATION

Executive PG Certification in Data Science & AI

IIT Roorkee | 2024–2025

Bachelor of Business Administration (Finance)

CCS University | 2021–2024

CERTIFICATIONS

- Data Analytics Job Simulation – Deloitte (Forage) | Mar 2026
- Data Visualization – Tata Group (Forage) | Mar 2026
- Executive PG Certification in Data Science & AI – IIT Roorkee | 2025
- Microsoft SQL Certification – Intellipaat | 2025
